

**COUNCIL OF REGULATION OF THE REAL PROPERTY VALUATION
PROFESSION IN RWANDA.**

P.O Box: 6736 Kigali

Pursuant to Law No. 17/2010 of 12/05/2010 establishing and organizing the real property valuation profession in Rwanda, and in accordance with the the Valuers Registration Policy of January 2026, the Council of Regulation of the Real Property Valuation Profession in Rwanda is pleased to publish the official list of licensed firms authorized to provide real property valuation services for the 2026 calendar year.

The publication of this register serves to promote professionalism, transparency, accountability, and quality assurance within the valuation profession. The firms listed herein have fulfilled the requirements prescribed by the Council and are duly licensed to undertake valuation assignments in Rwanda.

In accordance with the governing legal and regulatory framework, all public institutions, government agencies, local government entities, state-owned enterprises, private companies, financial institutions, development partners, and individual clients are required to engage licensed valuation firms when procuring professional valuation services. Valuation reports prepared by unlicensed persons or firms do not meet the professional standards and regulatory requirements established by the Council.

This register is intended to guide stakeholders in identifying qualified and authorized service providers and to strengthen confidence in valuation services across Rwanda. The Council remains committed to upholding the highest standards of professional practice, ethics, competence, and public trust within the valuation profession.

We encourage all stakeholders to consult this register whenever valuation services are required and to report any instances of unauthorized professional practice to the Council.

REGISTER OF LICENSED PROPERTY VALUATION CONSULTING FIRMS - 2026
